## **SBA's DEADLINE TO APPLY FOR PHYSICAL DAMAGE DISASTER LOANS IS JUNE 2**

**ATLANTA** – The U.S. Small Business Administration reminds homeowners, renters, non-profit organizations and businesses of the deadline to submit disaster loan applications for damage caused by the severe storms and tornadoes March 15, 2008. The deadline to file an application for physical damage is June 2, 2008.

Homeowners, renters, non-profit organizations and businesses in the primary counties of Aiken, Allendale, Williamsburg and the contiguous counties of Bamberg, Barnwell, Berkeley, Clarendon, Colleton, Edgefield, Florence, Georgetown, Hampton, Lexington, Marion, Orangeburg and Saluda in the State of South Carolina; and the counties of Burke, Richmond and Screven in the State of Georgia are eligible to apply to SBA.

SBA offers loans up to \$200,000 to repair disaster damaged primary residences. Homeowners and renters are eligible for loans up to \$40,000 to replace personal property such as furniture, appliances and clothing. Loans to businesses of all sizes and non-profit organizations are available up to \$1.5 million to repair damage to real estate, machinery, inventory and equipment. Economic Injury Disaster Loans (EIDLs) are also available to small businesses unable to pay bills or meet operating expenses because of the disaster.

Interest rates are as low as 2.750 percent for homeowners and renters and 4.000 percent for businesses with terms up to 30 years. Loan amounts and terms are set by SBA and are based upon each applicant's financial condition.

Additionally, disaster victims with insurance should not wait for an insurance settlement before applying to SBA. If victims do not know how much of their loss will be covered by insurance or other sources, SBA will consider making a loan for the total loss up to its loan limits, provided the borrower agrees to use insurance proceeds to reduce or repay their SBA loan.

SBA also offers mitigation funds to disaster victims who have approved physical loans. SBA's mitigation funds are designed to help borrowers fund protective measures which may prevent damages of the same kind in the future. To help fund these protective measures, borrowers may request an additional 20 percent of their approved loan amount.
